#### **Education:**

1963, B.Sc. Architecture, Technical College of Horsens, Denmark; 1965, B.Sc. Civil Engineer, Engineering College of Horsens, Denmark;

#### **Professional Experience:**

Poul Gadegaard is a Senior International Business Development, Institutional and Policy formulation expert. He has worked within the private sector in high level decision-making positions for 38 years and is Chairman and Board member of a number of non-government bodies.

Mr. Gadegaard has unmatched private sector experience from a variety of sectors, operations and geographic areas. The work has taken him to emerging economies throughout Africa, the Middle East and Asia where he has been stationed for over 26 years.

- Responsible for an investment portfolio of over US\$500 million
- Involved in the establishment of more than 20 financial institutions
- Responsible for the establishment of the Loan Guarantee Scheme in Syria
- Financial evaluation of private businesses for equity assessment and financial takeover
- In the early days of the environment and energy protection, involved in the financial studies and evaluation for the establishment of more than 15 wind energy complexes in Europe.

Mr. Gadegaard has a very committed and result-oriented way of working and has therefore left a trail of successful achievements.

During the last ten years Mr. Gadegaard has continued his international career as a professional Management and Business Development consultant.
